Ref. No. : 23-04/2022-ABDM   Dated: 03.03.2022

To,

   Registrar of States/ UT
and ASU&S Practitioner

Subject:-Registration of ISM doctors in Ayushman Bharat Digital Mission healthcare professional registry.

Sir/Madam,

     With reference to the subject mentioned above, it is to inform you that the Health Authority of India (Government of India) has decided to promote **digitalization in the healthcare system through the Ayushman Bharat Digital Mission (A.B.D.M.) with the aim of developing a "Digital Health Ecosystem" in the country**, as its implementation is expected to significantly improve the efficiency, effectiveness, and transparency of health service delivery overall.

Benefits of Healthcare Professional Registry:-

- **Online presence & Discoverability-** by adding your details & after verification by respective medical councils, you get a verified profile on a National Health platform which can be used for a search & connect facility on any digital health app in future.
- **Better clinical decision making –** Patients can share their longitudinal health records with you if, you are registered on HPR.
- **Tele-communication to patients-** You can reach more patients and provide Tele-communication to patients for remote consultations.
- **Quicker services-** Going forward various Govt. Agencies/ Entities shall be integrated with the HPR. You will get the benefit of faster registration, renewal and issuance of No Objection Certificate or NOC by any other governing bodies.
- **Tracking CME Credits in future-** Going forward the medical councils use HPR to keep track of CME credits.

If you are a Healthcare Professional, Healthcare Professional Registry is your chance to become a part of unified Digital Healthcare Ecosystem. You can leverage these system to provide better access and care to your patients. To register in the HPR, you can visit www.hpr.abdm.gov.in .

Benefits

- Your name will be accessible to the patients seeking online treatment and your name will appear on the National Health Authority Portal.
- Your qualification / specialization will be displayed on the portal.
- You will be registered in this prestigious portal which is totally free.
- You can consult with the doctors of any pathy regarding the modalities of treatments.
- After successful registration as Healthcare Professional, You will become part of newly developed Ayushman Bharat Digital Mission in the Country.
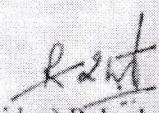

- Every name visible to the Public is certified and authorized to Practice Medicine in the Country.
- All government agencies will be linked to Healthcare professional Registry (HPR) through which you will provide online medical services required by the government.
- You will be able to avail NOC required by the government for various schemes and various government schemes for doctors.
- Your Profile will be online accessible on the National Health Authority portal.
- **Health care professionals** across disciplines will have better access to patient's medical history (along with informed consent) for prescribing appropriate & effective health interventions.
- This is going to be comprehensive repository of registered and verified practitioners delivering modern as well as traditional healthcare services across India. You can consult the other doctors of any pathy regarding your complaints.
- ABDM will help digitize the claims process and enable faster reimbursement.
- The integrated ecosystem will enable better continuum of care & enhance the overall ease of providing services amongst the health care providers.

The **Registration process is completely free & easy.** When your quest for registration is received, your profile will be verified by the commission and then uploaded on the national platform/ Central Government portal for easy accessibility to the patients seeking online treatment. After registration, the State Medical Council and NCISM will track the CME Credit Points for online registration. **Only after this registration, doctors can become a part of the newly developing "Digital Health Ecosystem" in the country.**

Process of Registration is a follows:-
Click on the link (https://ndhm.gov.in) ⟶ Scroll down the page and click on "HPR" ⟶ Click on "Register on HPR" ⟶ Register for new user ⟶ Generate your Health Professional I.D. via Aadhaar/ Driving License & proceed by filling your details.

Therefore, you are requested to register yourself as soon as possible.
